Toilet Paper Roll  
Tissue Paper (asst colors)  
Paper plate  
Googly Eyes

### Turkey Gnome

#### Directions

Colored Craft Papers  
Pencil  
Glue  
Scissors  
Markers  
Template (saved as attachment)

## Ideas for Events & Game Play

### Beam

Walk like a Turkey  
Scoop the mashed potatoes (similar to ice cream scoops)

## Games

### Turkey Says (like Simon Says)

#### **Shake your tail feathers (For this game I would do in a relay race)**

Supplies:

Rectangle tissue boxes, panty hose, and feathers

How to play:

Before the party, empty a tissue box for each player and replace the tissues with craft feathers. Tape a pair of pantyhose onto each box so the box is in the middle of the pantyhose.

To play, give each player a box tied with pantyhose and have them tie the pantyhose around their waist so the tissue box is on their backside. Players must move around and shake until all of the feathers fall out of their tissue box.

#### **Reverse Traffic Yam (break into teams and see which one finishes first)**

Supplies: Raw yams, metal spoons, painters tape

How to play:

Give each player a raw yam and a metal spoon. Players must place the yam on their spoon and walk across the room and back holding the yam on their spoon (like an egg race). If the yam falls on the ground, they must go back to the beginning and start over.

Make it even more difficult by making people walk backward! First player to cross the line with their yam safely in their spoon win
